4. "¿Qué se requiere para ingresar a la escuela de veterinaria?" (8)
5. Mock Surgery Demonstration (1)
6. Rabbit Handling (2)
7. Marion County Sheriff’s Office Mounted Unit Demonstration (5)

Clinical demonstrations will be held in the UF Small and Large Animal Hospitals on a continuous basis.

University of Florida Veterinary Hospitals, the clinical arm of the UF College of Veterinary Medicine, opened its doors in 1978. Our Small Animal Hospital and Large Animal Hospital provides referral services, consultations, emergency veterinary services and 24-hour care for companion animals, horses and other large animals, livestock, exotic pets and wildlife, including many endangered species.

UF Veterinary Hospitals are accredited by the American Animal Hospital Association.

UF Small Animal Hospital is certified as a Level 1 Veterinary Emergency and Critical Care facility, the only emergency room in Florida to receive such a designation.

UF Pet Emergency Treatment Services offers after-hours emergency care in Ocala. UF Equine Acupuncture Center just opened in 2018, next to The Chi Institute in Reddick.

We continue advancing the science of veterinary medicine, teaching the veterinarians of tomorrow.

UF Veterinary Academic Building (8, 9)
